

If you are dropping your child off in the morning, please drive around the building from the right side as you enter the parking lot. Proceed all the way around the back, as you return to the front of the building stay to the left, and an adult will be on duty at 8:40 to assist. This will take place at the entrance to the main building and all-purpose room doors. Students will not be permitted in the building before 8:40.
